Dear Professor Wren-Lewis,

The enclosed is in reply to your questions. I am sorry that I cannot help further.

My wife has, however, been in touch with Stewart Wavell who had agreed that I include a copy of his letter to her with my replies to your questions.

You will be sad to learn that Tony Beamish died after a short illness earlier this month, which in part accounts for the delay in reply to your letter ~~on my part~~.

Yours sincerely,

ED Robertson
