## Open Data Contents

This document describes the Open Data available associated with publication “**Fragment-sized EthR inhibitors exhibit exceptionally strong ethionamide boosting effect in whole cell *Mycobacterium tuberculosis* assays**”. The data is subdivided in separate folders as described below:

<sup>1</sup>H NMR spectra are available in folder [1H NMR spectra](#)

<sup>13</sup>C NMR spectra are available in folder [13C NMR spectra](#)

HRMS data is available in folder [HRMS spectra](#)

Infrared spectra are available in folder [IR spectra](#)

ITC data is available in folder [ITC data](#)

SPR data is available in folder [SPR data](#)
