A CHILDREN'S HIGHWAY CODE

PEDESTRIANS:

1. Before you cross the road, STOP and then look right and then left and then look right again. If it is safe to cross then cross quickly to the other side.

2. When there is a footpath use it and if there is no footpath, it is generally better to walk on the right.

3. Do not throw stones at motor vehicles because this may cause an accident.

4. Do not play on the road and do not allow a child of tender years to wander about unaccompanied by an elder child.

LEARN THIS HIGHWAY CODE BY HEART, AND NEVER FORGET IT.

CYCLISTS:

ALWAYS

Keep your cycle in good condition.

Keep your eyes on the road ahead.

Keep a straight course on the left side of the road.

Make sure that you have full control of your cycle.

Take special care when the roads are wet or when you are travelling down hills.

Use the special cycle tracks where they are provided.

Give clear signals showing what you intend to do.

DO NOT

Ride a cycle which is too big for you.

Wobble about all over the road.

Ride bunched together with other cyclists.

Ride too close behind other vehicles.

Pull out from a line of traffic without first making sure that you can do so safely.

Separate and ride on each side of the road when you see a vehicle approaching.

MAKE UGANDA'S ROADS SAFE.
