ROYAL AIR FORCE EXPEDITION "OTTE VENER" - GREENLAND 2003

References:

- A. HQ PTC Serial Number - HQ PTC/26/PTC/2002/
- B. PTC/571412/PEd dated 22 Jul 02.
- C. Danish Polar Centre Permit Number DPC532-494.

1. Expedition OTTE VENER was an Arctic climbing and exploration trip conducted in North Eastern Greenland over the period 10 Jun 03 to 8 Jul 03. The Expedition was a resounding success, climbing 47 virgin peaks and exploring the previously unvisited Hvidbjorns Nunatakkar, Knud Ringnes Nunatak and Evers Glacier.

2. The Expedition was authorised at Reference A and under the requirements of Reference B the Enclosed Post Expedition Report (PXR) has been produced. The report is also intended to provide feedback to the Danish Polar Centre, who gave permission for the Expedition at Reference C, and the Geno Watkins Memorial Fund who helped in the funding of the Expedition.

3. Unfortunately, the PXR only gives a small taste of our trip, should any reader require more detailed information, or is perhaps interested in a presentation or slide show, then please contact the undersigned by email at pete@pvilliers.freeserve.co.uk or at the above contact address, or on mobile telephone number 07710 406988.
