# Author Correction: Global influence of mantle temperature and plate thickness on intraplate volcanism

P. W. Ball , N. J. White, J. Maclennan & S. N. Stephenson

Correction to: *Nature Communications* <https://doi.org/10.1038/s41467-021-22323-9>, published online 6 April 2021.

The original version of this Article contained an error in Equation 8. Concentration of each REE within an instantaneous melt,  $c_1$ , and concentration within the residue,  $c_s$ , and incorrectly read:  $c_1 = c_s(1 - X)/(\bar{D} - \bar{P}X)$ .

The correct form of Equation 8 is:  $c_1 = c_s(1 - X)/(\bar{D}(1 - X_o) - \bar{P}(X - X_o))$

This has been corrected in the PDF and HTML versions of the Article.
