Hi Flo,

Hereby I declare that I agree with my authorship on this manuscript and the listed co-authors.

I attached both files with corrections marked in red and tracked changes. Also put a few comments.

Best,
Marcel

Dear Flo,

Sorry I didn't realise I had not already done this!

Yes thank you I agree with my co-authorship and the current author list (where I am second of 3 co-first authors, correct?).

Best wishes,
Anna

Dear Florian,

I agree with being a co-author and with the authorship list for this resubmission. The changes made seem logical to me and frankly, I liked the previous version a lot, too, and did not understand most of the critique from the reviewers. But then again, I am not an expert in the cancer field. Good luck with this version!

Best regards,

Iwan

Lieber Florian,
vielen Dank für das tolle Manuskript sowie das Angebot uns als Coautoren aufzunehmen, auch wenn leider der Nachweis der isoformspezifischen Peptiden in der Reanalyse der TNBC-Proteomdaten noch nicht erfolgreich war. Wie besprochen würde ich hier gerne nochmals gezielte Analysen der TNBC-Biopsien nachziehen, was gerne demnächst nochmals abstimmen könnten.
Im Anhang findest Du die meine wenigen Anmerkungen.
Beste Grüße und maximale Erfolgswünsche für die Submission
Stefan
